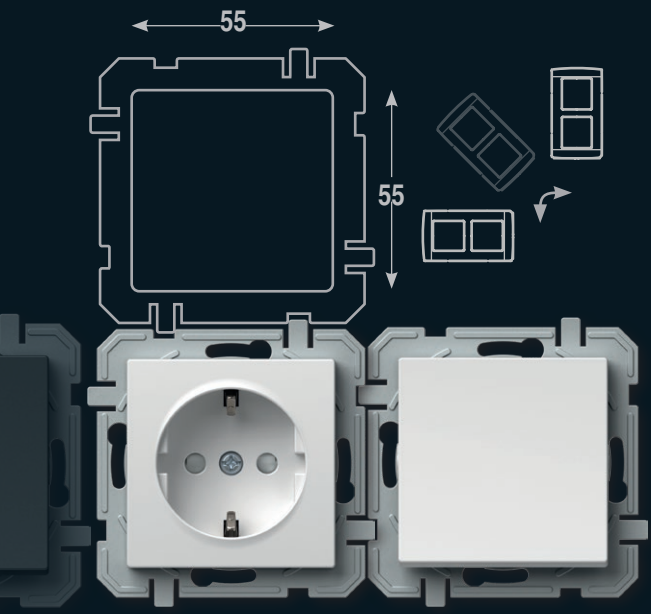
LIMITLESS IMAGINATION

The LOGIQ family allows you to create your own combinations. To make combining simple, we have created a useful system that supports the sequencing of horizontal and vertical lines. The so-called 55/55 system allows you to use the same universal elements every time.



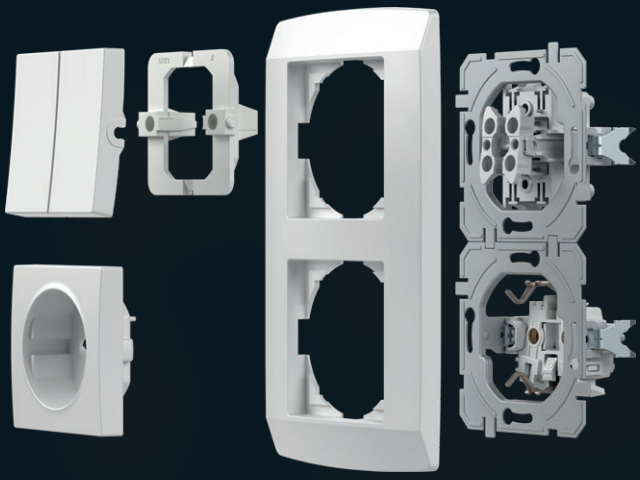
SIMPLE FOR THE MOST DEMANDING

The LOGIQ family offers functional elements for every space and purpose. You can use these products individually or in a sequence, horizontally or vertically. Logically.

A universal layout of decorative cover plates in all three design lines – BOLD, FLAT and PRIME.

LOGICAL INSTALLATION

LOGIQ is a solution for the system of standardized round installations boxes. It can be used for simple as well as more demanding installations, new buildings and adaptations. The system is characterised by plug-in contacts which save time during installation of elements.



GOOD TO KNOW

All the sockets are equipped with a safety shutters assuring the protection to live contacts.

Contacts made of silver alloy guarantee safe switching.

Fixing claws enable deeper
fixing (also through ceramic tiles, etc.)

A well-planned switch construction makes easy illumination possible also subsequently.

Plug-in contacts enable quick and reliable attachment of wires.Two wires of different diameters can be attached to the same contact.

Easy-fitting installation boxes will make your work easier. Proper lengths are guaranteed.
